ROOSEVELT'S BODY IS LAID TO REST BY CLOSE FRIENDS

Final Services Witnessed by Members of Family and a Few Friends, Congressional Delegation and Small Group of Neighbors.

Mrs. Roosevelt Bids Farewell to the Body of Her Companion in the Quiet of the Home in Which They Lived For So Many Years.

Draped in American Flag and the Battle Flags of the Rough Riders the Casket is Lowered Into the Grave.

OYSTER BAY, N. Y., JANUARY 8.—(Associated Press)—The body of Theodore Roosevelt was laid at rest today. It was committed to earth at 1:43 p. m. in a family cemetery plot overlooking Long Island Sound.

The final service was witnessed by members of the family and a few friends, the congressional delegation, and a group of 200 neighbors, among them many school children who had assembled at the grave while the church service was in progress.

Except for two sons absent as soldiers in their country's service overseas, the family of Theodore Roosevelt assembled in the living room of the Sagamore Hill home for the first of the simple services with which the body of the noted American was laid to rest as a private citizen of this Long Island village.

Mrs. Roosevelt, sharing her husband's antipathy to funeral ceremony, decided not to attend the church service nor to join the procession to the cemetery. It was announced she would bid good-bye to the body of her companion in the house where they lived for so many years, while her children who grew to manhood and womanhood in the atmosphere of the old homestead would see all that is mortal of their famous father committed to earth in the plot topping the highest hill in Young's Memorial cemetery.

Sixty persons attended the service at the home where the rector of Christ's church read the 91st Psalm and offered prayer.

The morning's snow had given way to sunshine as the funeral party started to the church. Thousands of persons viewed the procession.

The church service at 12:55 o'clock was concluded in 18 minutes. The Episcopal ritual was followed and the only mention of the ex-president's name was when the rector spoke the word Theodore Roosevelt in his closing prayer.

The casket was borne to the church rail by porters. Draped in an American flag it was covered also with two battle flags of the Rough Rider regiment upon which rested a wreath of acacias tied with the yellow ribbon of the cavalry. These flowers, the only tribute near the casket were from the Colonel's comrades of the famous unit of Spanish-American war days.

Back of the altar was hung two American flags while another floated from the entrance to the church.

As the casket was borne into the church every bell in the village began to ring. The streets were packed with thousands of mourners who had come from New York and all parts of Long Island. All heads were bared as the casket was borne into and from the edifice. As it was being replaced in the hearse former President Taft in company with Chas. Evans Hughes emerged from the church portals.

Mr. Taft was in tears. Mr. Hughes walked with bowed head. Behind them came Joseph G. Cannon, for many years speaker of the House of Representatives and still a member of Congress. His head was bowed and tears were running down his face.

The casket was not opened in the church.

PROGRAM IS ARRANGED

Five Great Powers to Have Five Delegates Each While Minor Nations Will Have Three Each

(By Associated Press)
Paris, January 7.—The peace conference, according to present arrangements, will open with an exchange of views between the ministers of the foreign powers concerning the organization, composition and procedure.

These exchanges are expected to take up the time from January 13 to January 18. In the event of an agreement being reached on January 18 there will be a plenary meeting at which all the powers who broke relations with the Central Powers will be represented. At that time the definite proposition of the delegations of each nation will be settled.

It is virtually certain France, Great Britain, the United States, Italy and Japan will have five delegates each. Other nations such as Belgium, Serbia, Greece, Rumania and Portugal will have three delegates. The countries which severed relations with the Central Powers and did not engaged directly in the war will have two representatives.

The government has equipped a recruiting bureau in the palace of Prince Leopold, opposite the chancellor's palace, where members of the majority socialist party and trade unionists are being armed under the direction of Herr Noske, the new military governor, who has been given sweeping military powers. The volunteer forces have been instructed to use their weapons for defense only.

Poles Defending Themselves Tenaciously Against Fanatics

(By Associated Press)

Warsaw, January 6.—Stiff fighting still continues around Lemberg, where the Poles are defending themselves tenaciously against the Ruthenians.

The water and electric supplies to the city have been cut. Bloody hand-to-hand fighting has occurred daily in the suburbs.

Virtually all the available troops of the Polish army have been sent to Lemberg in an effort to save that city. The Polish forces there are said to number 20,000 and are being assisted by many civilians, men, boys and women. The civilians are dressed in Austrian uniforms and helmets left behind when the Austrians retired from Lemberg.

TROTSKY CAUSES LENINE'S ARREST

Anxious to Continue Reign of Red Guard as The Former Premier is Taken in Custody

(By Associated Press)

Copenhagen, January 8.—Nicholai Lenine, the Bolshevik premier of Russia, has been arrested at the command of Leon Trotsky, minister of war and marine, who has made himself dictator, according to a Moscow dispatch to the Gothenburg, Sweden, Gazette.

Trotsky was prompted to make the arrest because of a difference of opinion with Lenine concerning Bolshevik reports, the dispatch says. Lenine desired to effect a coalition with the Menshevki or moderates while Trotsky wished to continue the reign of red terror.

AMERICANS TAKE FILMS OF RIOTING IN BERLIN

Government Forces Seem to be Temporarily at Least in Control

Hundreds Have Been Killed in Sanguinary Street Fighting

(By Associated Press)

London, January 8.—Several hundred persons have been killed in the fighting in Berlin, according to a Copenhagen dispatch to the Exchange Telegraph Co., but until two o'clock this morning no details of conditions there had been received. The government seems at least provisionally to be master of the situation.

Early Tuesday morning the Berlin government troops outside the city. These troops are ready to enter it is said in the dispatch to the Exchange Telegraph Co.

Field Marshal von Hindenburg is reported to have arrived at Berlin.

Street fighting has been particularly sanguinary, it is said, owing to the fact that the Spartacus element has plenty of weapons taken from the munitions factories at Spandau. While the machine guns were firing and bombs were dropping moving picture operators were busily recording scenes enacted in the streets.

It was announced recently that the American army had sent moving picture operators to Berlin.

GERMAN COIN SENT HELP TO GENERAL VILLA

Munitions Shipped to Bandit
Leader in 1915 Paid for by
The Germans.

(By Associated Press)
Washington, January 8.—Documentary evidence intended to show that \$789,000 worth of munitions shipped in 1915 to agents of Francisco Villa, the Mexican bandit leader, were paid for by F. A. Sommerfeld, now interned as an enemy alien, was presented to the senate committee investigating German propaganda by Major E. Lowry Humes, who is conducting the inquiry.

The munitions were bought from Western Cartridge Company at Alton, Ill., according to the evidence, and were paid for through the Mississippi Valley Trust Company of St. Louis, from funds transferred from the Guaranty Trust Company of New York City. The first shipments were sent to Louis Goxiola of El Paso, Texas, who, it was alleged, dealt with the bandit's brother, Hipolito Villa, but later the shipments were consigned direct to the latter, according to the evidence.

Major Humes told the committee he had been unable to trace the source of the funds which the Guaranty Trust Company sent to the St.

Louis bank. Sommerfeld, he said, lived in a hotel in New York City and transacted his business with the St. Louis bank largely by mail and telegraph. Major Humes introduced documents showing payments to the cartridge company and also letters from the Guaranty Trust Company to the St. Louis bank directing that sums be credited in the latter bank to Sommerfeld's account.

PROMINENT HUNS FACING CHARGE

(By Associated Press)
San Francisco, January 8.—Trial of the so-called Sacramento neutrality cases which has begun, involved two officials of the Imperial German consulate-general in San Francisco, a dozen other individuals and three corporations under indictments returned in 1916 and 1917.

A blanket indictment returned July 7, 1917, charged conspiracy to violate the neutrality of the United States in 1914 and 1915 through an attempt to make San Francisco a base of supply for a German fleet then operating in the South Pacific ocean, and conspiracy to obtain false clearance for various ships needed to carry out the plan. The case centered about the steamship Sacramento, which was alleged to have delivered a general cargo to the German fleet after it was "captured" off the coast of Chile; the steamship Mazatlan, which was alleged to have delivered coal to the German cruiser Liepzig at Guaymas, Mexico; the steamship Olson and Mahoney, which was denied clearance papers here, and the steamships Maderick and Annie Larsen, which were alleged to have been used in an attempt to send arms and ammunition to revolutionists in India.

AIR RECORDS ARE SHATTERED

(By Associated Press)
Cleveland, O., January 8.—What is believed to be a new world's airplane speed record was set Tuesday in a flight from Dayton to Cleveland by Pilot Eric Springer and Mechanician Ernest Longchamp in a Martin bombing plane.

The 215 miles was covered in 75 minutes, an average speed of 172 miles an hour. The previous record between the two cities is said to have been 120 minutes. The machine carried gasoline, tools and baggage weighing 2500 pounds. It was the first machine turned out by the Glenn L. Martin factory here and had been at Dayton undergoing army tests for several months.

The airplane was brought here for the installation and tests of a new stabilizing device invented by O. W. Green of Dayton.

WANT TO KNOW WIRELESS PLANS

St. Louis, Mo., Jan. 8.—(By Associated Press)—Two thousand youths of St. Louis are anxious to know what the government will do about amateur wireless stations and for this reason have brought the question to those in authority.

When the United States declared war on Germany amateur wireless stations were put out of business. A bill now before congress would put all wireless stations under federal control.

Those interested in amateur wireless stations point out that government obtained several thousand operators for wireless among these amateurs. They assert also that barring amateur stations would curtail experiments and inventions.

FOUNDRY MEN ARE SEEKING LOCATION

A party of business men from Chicago and other points arrived in Washington on Saturday for the purpose of looking over prospective sites with a view to locating a large plant in this city, and it is understood that if satisfactory arrangements can be made the party may, in the very near future, locate a foundry plant at this point.

It is understood that the men look with favor on the large plant in the English addition, formerly occupied by the stove works, and which for several years has stood idle, although of sufficient size to employ 50 to 200 men.

The old stove foundry property is owned by The Sanderson-Cyclone Drill Company, of Orville, Ohio. It is understood, may lease or sell the big plant.

If located in this city the new plant will, it is claimed, employ 75 to 175 men, with prospects of growing to larger proportions, and citizens generally will await the outcome of negotiations with a great deal of interest.

HUNS INSIST TAMPA VICTIM

(By Associated Press)
London, January 8.—The claim that the United States ship Tampa was sunk by the German submarine U-53 is based upon assertions by the officers of the U-boat that they had sunk on the day the Tampa was lost an America escort vessel the name of which they did not know. The Tampa was sent to the bottom in the Bristol Channel off the English coast on September 26 with her whole company of 118 officers and men. No other American warship or escort vessel was sunk on that day.

The German claim to have sunk the Tampa was brought here by Lieutenant F. L. Muller and Lieutenant J. H. Fulcher formerly of the Ticonderoga who were taken prisoner on board the U-152 when that submarine sank their ship. During their imprisonment the U-53 lay along side the U-152 in the Cattegat and the two Americans talked with the officers and men of the U-53. It was then that they heard the German story. The Germans according to the two lieutenants assumed that the Tampa was their victim. American naval officers here are inclined to think the Germans may be mistaken. On the day when the Tampa was sunk a torpedo was fired from a submerged submarine at the American destroyer Chester but the aim was faulty. The Chester immediately

dropped several depth-charges. The American officers are of the opinion that the Germans believe their aim had been true and believe they mistook the explosion of one of the depth-charges for the noise of the destruction of the Chester.

The Tampa was out of sight of other American vessels when she was destroyed. She had left a convoy bound for France and soon afterward those on board the vessels of the convoy heard a terrific explosion. Destroyers found wreckage on the boats and two unidentified men but no survivors. It has never been ascertained whether the Tampa was destroyed by torpedo, mine or internal explosion. The U-53 was commanded by Lieutenant Captain Hans Rose who sunk a number of merchant vessels off Nantucket. Rose claims that he sunk the American destroyer Jacob Jones.

Business Promises

Business men all over the nation are almost unanimous in predicting an era of prosperity for this country unequalled in the history of the world. These men who keep close watch on the barometers which forecast to them, almost unerringly, future conditions in the world of business are not content with cheering predictions for the future. They are acting in accordance with the judgment they have formed from facts as they exist.

In every line business men are making purchases of stock and materials on a large scale, confident not only that the present scale of prices will be maintained, but that prices in the future, for a long time at least, will show an advance over those at present existing. We are on a market which is not only firm but the only change indicated is one which will show a firmer or a rising market.

Business men not only announce that as their fixed belief but they are conducting their affairs along lines in accord with that belief.

There are many reasons announced why there should be no decline in the present prosperity and an imposing array of proof can be marshaled in support of a long continuing era of prosperity.

It is rather remarkable that the nation should emerge from the world war, and its attendant currency condition, which always heretofore has been regarded as an "inflated" and unhealthy condition, with no panic, no sudden fall in prices and no indication of a tumble in the great pyramid of business conditions which grew, preceding and during the extraordinary demands of war's necessities.

That in itself evidences, conclusively, the existence, in this country, of the soundest currency system ever written on the statute books of any nation.

There is, too, another reason, among the many urged by business men in support of their optimistic statements and conduct. It is that the, almost nation-wide, closing of saloons is certain to divert hundreds of millions of dollars into the channels of real substantial business. What the states lose in the way of taxes by placing the ban on intoxicating liquor will be a mere pittance compared to the gigantic increase in every channel of trade as a result of diverting enormous sums from the saloon to the merchants and manufacturers.

Federal control, at least to the extent of fixing prices for staple products of the farm, is a basic guarantee which cannot be underestimated in its effect. With the price of foodstuffs maintained by government control under extraordinary export demand conditions, the best financial laws of history, the curtailing of the waste so long incident to the liquor traffic and the scores of other supporting facts and conditions, it is little wonder that the bright colors of the rainbow of promise are seen clearly by the business men as the dawn of the future approaches.

The Boys Return

When the boys left home for the battle fields and during all the long, dark days of war, we were buoyed up by the anticipation of the return home and the welcome we would give the boys when they came home victory crowned.

We didn't in the turmoil of the time and the anxieties we all felt, perhaps, realize that our home organizations would be broken up and our boys separated and placed in different fighting units, we didn't realize at the time that some of them would be sent home wounded and sick, in advance of their organizations and, at that time our sustaining hopes of the welcome home coming were not disturbed.

Developments, however, took our boys to widely separated parts of the great battle front. Day by day as the struggle progressed our dreams and hopes began to grow dim. One by one the boys have been coming home, one by one they have been transferred to other fighting units, singly and in small groups they are coming home to us.

The nation's capital and the nation's metropolis have arranged for a grand review of the different units as they return to America. That's glorious, but it lacks, to the boys, the personal touch of home and it denies the home folks in the small cities and hamlets the opportunity of collective demonstrations of appreciation and happiness.

For realization of our dreams we must, it seems now, be content with the nation's welcome, the nation's greeting for each unit returning home and then after a while (let's hope it will not be for long) after all the boys are back home gather them all together in a reunion and community home coming all at once.

What a glorious time that will be too.

POEM FOR TODAY

THE SUBTLE MINISTRIES

The murmur of a waterfall
 A mile away,
 The rustle when a robin lights
 Upon a spray,
 The lapping of a lowland stream
 On dipping boughs,
 The sound of grazing from a herd
 Of gentle cows,
 The echo from a wooded hill
 Of cuckoo's call,
 The quiver through the meadow grass
 At evening fall—
 Too subtle are these harmonies
 For pen and rule,
 Such music is not understood
 By any school;
 But when the brain is overwrought
 It hath a spell
 Beyond all human skill and power
 To make it well.

The memory of a kindly word
 For long gone by,
 The fragrance of a fading flower
 Sent lovingly,
 The gleaming of a sudden smile
 Or sudden tear,
 The warm pressure of the hand,
 The tone of cheer,
 The hush that means "I cannot speak,
 But I have heard,"
 The note that only bears a verse
 From God's own Word—
 Such tiny things we hardly count
 As ministry,
 The givers deeming they have shown
 Scant sympathy;
 But when the heart is overwrought,
 Oh, who can tell
 The power of such tiny things
 To make it well!

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

TO WARD OFF ILLNESS

If you are bloated, languid or lazy have "the blues" headaches, palpitation, biliousness, bad breath, gas, constipation or indigestion, you will feel better in the morning if you take a Foley Cathartic Tablet tonight. Why Meat Prices Vary in Different Stores

Prime steers.....	\$19.90@20.35
Good to choice steers.....	17.00@19.85
Common to medium steers.....	10.75@16.75
Yearlings, fair to fancy.....	16.00@19.90
Fat cows and heifers.....	8.35@15.35
Canning cows and heifers.....	7.25@ 8.25
Bulls, plain to best.....	6.50@12.50
Poor to fancy calves.....	6.75@16.75
Western range steers.....	10.00@14.00

These newspaper quotations represent live cattle prices in Chicago on December 30th, 1918.

The list shows price ranges on nine general classified groups with a spread of \$13.85 per cwt.—the lowest at \$6.50, and the highest at \$20.35.

Why this variation in price?

Because the meat from different animals varies greatly in quality and weight.

Although the quotations shown are in nine divisions, Swift & Company grades cattle into 34 general classes, and each class into a variety of weights and qualities.

As a result of these differences in cattle prices, (due to differences in weights and meat qualities), there is a range of 15 cents in Swift & Company's selling prices of beef carcasses.

These facts explain:

- 1—Why retail prices vary in different stores.
- 2—Why it would be difficult to regulate prices of cattle or beef.
- 3—Why it requires experts to judge cattle and to sell meat, so as to yield the profit of only a fraction of a cent a pound—a profit too small to affect prices.

News of Interest to Women

Mrs. Frank M. Fullerton extended her hospitality to the Chionlans for a purely social afternoon Tuesday. A tempting luncheon was served.

Mrs. V. R. McCoy was a guest.

Judith Ann Jackson the prettiest of small hostesses in dainty white frock, with scarlet ribbons, celebrated her fifth birthday, by entertaining fifteen of her little intimates, Tuesday afternoon.

The big billiard room at the top of the house was turned over to the small folk, who spent a very happy afternoon pinning the tail on the donkey and engaging in a merry round of games.

A delicious menu that especially appealed to the youthful appetites was served in the dining room where the children were seated at a long table having for its chief decoration, a big birthday cake, on which burned five pink tapers. The favors were tiny baskets of bonbons.

The little hostess was assisted in entertaining her guests by her mother, Mrs. Frank S. Jackson, sister, Helen Louise, and Judith Ann Mitchener.

The small guests were Mary Ann Story, Dorothy and Katharine Hudson, Wilhelmina Sprenger, Jane Ramsey, Martha Loye Hitchcock, Leontine Staubs, Helen Lorise Turner, George Sheets, Robert Hillmiller, Tom Gardner Murray, Frederick Woolhard.

Mr. and Mrs. Urban Hidy entertained with an elaborate dinner at

their spacious country home on the Prairie pike at high noon Tuesday.

It was a dinner of eighteen covers, the long table, with the "King of Birds" browned to perfection at the head, and red and white candles burning brightly in crystal candlesticks, giving a lingering touch of the holiday season.

Four guests have January birthdays and annually celebrate them together, so that the occasion was one of exceptional pleasure, both in the feast of good things and in its mutual interests and merry sociability.

The guests were: Mr. and Mrs. John Cannon and family, Mr. and Mrs. F. E. Eichelberger, Mr. and Mrs. Ross Barnes, son Harold, Mr. and Mrs. Ed. Coll.

The Cecilians found Tuesday's charming musical program spiced with unusual interest in its introduction of a note from "Gay Paree". The hostesses were Mesdames Morna B. Chapman, Lilly G. Davis, Lulu H. Sheets.

French music was scheduled for the day and Miss Mabel Briggs substituted for her piano number an informal showing of Christmas gifts sent over from Paris by her brother, Sergeant Albert Briggs. They included a beautiful shawl, made by French peasants and such as they wear on fete days, picturesque scarfs and French aprons, gayly embroidered in colors and delightfully "French". The interest taken in these gifts from overseas was enhanced by informal explanations of

the pleasant life in Europe, the picturesque fete days and the fantastic garb worn by the peasants on these gala occasions, as they had been observed by three Cecilians, Mrs. Wert Shoop, Mrs. R. M. Hughey and Miss Edith Gardner in European travel.

The little departure was greatly enjoyed as was also the following program, in which each number was artistically given.

Current Events..... Nina M. Craig

Piano—The Flatterer.....

Battle Hymn of the Republic....

The annual election resulted in the continuing of the officers of the past year. Mrs. Nina M. Craig, President, Mrs. Winnie W. Shoop, Vice President; Recording Secretary, Mrs. Lona G. Hughey; Corresponding Secretary, Lillie G. Davis; Treasurer, Dell Laum; new members, were elected to the society.

The Browning Club, Mrs. Julia H. Dahl President, found its attendance considerably interfered with by the evening's inclement weather, but the up to date interest of the program presented by the History Department well repaid those who defied snow and ice.

Miss Blanche Tullis, department chairman, had the program in charge introducing it with the quotation, "It has been said that the most pitiable ignorance in the world is ignorance of the really great men who are our contemporaries." Entirely forestalling any such ignorance on the part of Browning women four fine papers were presented on "Some Men who are Making History Today."

Miss Jean Howat introduced them with a sketch of Woodrow Wilson, our own history maker. This paper was chiefly biographical, giving a brief summary of the President's early life and associations; the preparation which provided the foundation for his executive ability and the tremendous strain to which it has been equal. The writer paid tribute to the fine type of the man as well as to his ability.

"Lloyd George" England's great man of the period, "A man of the people," whose life has been a constant and triumphant battle and who is in many ways the most powerful influence in British public life, was presented by Mrs. Bella L. Ustick. "They say there are six Lloyd Georges—the first one goes among the Welsh hills with an exuberance of Celtic temperament; then there is the Cabinet Minister, persuasive, polite, sagacious, conciliatory; the Lloyd George, who held forth upon liberalism social miseries and the "idle rich" and finally—the man, warm hearted, practical idealist, destitute of malice. His success has been built first on moral courage, the rarest of political virtues; second, the gift for seizing the occasion and holding it; third his natural ability and temperament."

Mrs. Elsie Hopkins drew the attention of the club women to General Foch, "the man of the hour," giving a most interesting resume of his military operations on the Western front and enlarging upon his great ability as an organizer and director.

The fourth history maker, General Pershing, was the subject of a very entertaining paper by Mrs. H. L. Spray. The club specially enjoyed the amusing incidents recalled from General Pershing's school days. The same spirit of those early combats was evidenced in the force of character of the later years.

Mrs. Spray paid a just tribute to America's great General.

The first meeting of the year of the Saint Andrew's Guild was held at the home of Mrs. Harry Hayes on East Temple street.

The entire time was devoted to business and the discussing of plans for the year.

Miss Frances McCoy entertained a number of her girl friends at a pretty little affair at her home on South Hinde street Tuesday night.

Games and music contributed to a jolly good time and merriment reached the high tide when a real ghost appeared and told ghost stories.

Miss Helen McCune and Miss McCoy played pretty piano duets and dainty refreshments were served.

Mrs. J. B. Miller assisted in entertaining the guests.

"The Germans for the next generation," said Mrs. Edith Wharton at a Y. M. C. A. tea in Paris, "are going to be pariahs. Wherever they go they're going to be abused. And it will be useless for them to complain. A German diplomat spent the

summer at St. Moritz, in the Swiss Engadine. One morning beside the lake he stopped to talk to some neutral ladies, and a little girl, who was in the party whispered something to her mamma.

"The German, smiling and twisting his Kaiserlike mustache, said, jestingly, to the little girl:

"It's rude to whisper."

"She looked him straight in the eye and answered, coldly:

"But it would have been ruder

till to say it out loud."

A dispatch from Paris says that Professor Abel Lefranc, the greatest living authority on Rabelais and an honorary member of the Royal Society of Literature, has contributed a double-column leader to the Petit Parisien in which he advances a novel theory regarding the real authorship of the works of Shakespeare.

According to the Professor, whose lectures at the College de France are almost as largely attended as those of Professor Bergson, the Bard of Avon was neither Shakespeare nor Lord Bacon, but William Stanley, sixth Earl of Derby and the ancestor of the present British Ambassador to France.

The arguments adduced by Professor Lefranc are already causing much discussion in Parisian literary circles and promise to lead to incidents akin to those of the Bacon-Shakespeare controversy.

Professor Lefranc contends he has proved that the author of "Love's Labor Lost," must have lived in France and then proceeds to the conclusion that William Stanley was the only Englishman of the period who could have seen French life from the aspect developed in that play.

In the Stanley family there was an hereditary instinct for the theatre, and, like his father and his brother Ferdinand, fifth Earl of Derby, William Stanley was devoted to the poetry of stagecraft.

Miss Dorothy Bush returned to Mount St. Joseph's Academy on the Ohio, Tuesday, after spending the holiday vacation with her parents, Mr. and Mrs. E. L. Bush. Miss Elizabeth McDonald accompanied her to resume her studies.

Mrs. Joseph H. Harper and daughter, Miss Helen, are visitors in Columbus today.

Joseph McDonald returned to St. Mary's Academy at Dayton Tuesday.

Mrs. Will E. Dale left Wednesday morning for St. Louis Mo., to visit her daughter, Mrs. Frank V. Jamison.

Mr. J. W. Anderson left Sunday night for Mt. Clemens, Mich., to take mud baths beneficial to rheumatism.

Miss Rose McLean left Wednesday afternoon for Coronado Beach, Fla., where she joins a party of Delaware friends for the remainder of the winter.

Rev. J. L. McWilliams is in Wilmington on business today.

Mr. and Mrs. Fred Hamm left Wednesday morning for St. Petersburg, Fla., where they will remain for an indefinite stay. They will also visit leisure resorts of Florida before returning.

Mr. and Mrs. Willard S. Willis are spending several days in Cleveland, where Mr. Willis was called on business.

Mrs. H. D. Patterson (nee Nelle Marshall) of Wilmington, has been the guest of Mrs. Margaret Colwell and Mrs. Alice Moorman the past two days.

THE TREE

(By Joyce Kilmer)

Who Gave His Life in France

I think that I shall never see
A poem lovely as a tree.

A tree whose hungry mouth is prest
Against the earth's sweet flowing breast.

A tree that looks at God all day
And lifts her leafy arms to pray;

A tree that may in summer wear
A nest of robins in her hair;

Upon whose bosom snow has lain;
Who intimately lives with rain.

Poems are made by fools like me,
But only God can make a tree.

HARTMAN THEATER (COLUMBUS, OHIO)

The attraction at the Hartman Theater, Columbus, Ohio, Thursday, Friday and Saturday of this week, January 9, 10 and 11, will be the international melodramatic comedy success, "The Man Who Stayed at Home," now making its first tour of the principal cities of the United States, under the direction of Mr. William Moore Patch. There will be a matinee Saturday.

This unusual comedy was originally produced in England, and due to its refreshing comedy, brilliant dialogue, pathos, and delightful humor, it immediately sprang into public favor, and has but recently completed an engagement of nearly two years at the Royalty Theater, London, a record for consecutive performances. It was brought to this country last season and produced, by one company twenty-seven weeks in Chicago, by another four months in Boston, and by still another, ten months in New York. The length of these engagements indicate its success in America. Mr. Patch is sending on this tour of the principal cities the New York company and production, and includes in the cast such well known metropolitan players as Rose Coghlan, Murry Stephens, Violette Kimball Dunn, John Elliott, Louise Muldener, J. Malcolm Dunn, Virginia Marsellus, John Charles, Esther Frome and Paul Grant.

JAPS CELEBRATE END OF THE WAR

(By Associated Press)
Yokohama, Japan, January 8.—The city of Yokohama held a most

enthusiastic two day celebration in honor of the conclusion of the armistice. Green arches of triumph spanned the roads and festoons of rainbow cloth draped the buildings. Greetings of victory or "branzia" were heard on all sides. Japanese lantern processions were held in the evenings and were reviewed at the American consulate by George H. Seidmore, consul-general and other members of the consulate.

The Japanese held a great reception in the Memorial Hall and a garden party on the grounds. Governor Ariyoshi and the consuls of all Allied powers received the congratulations of the guests.

A procession of decorated motor cars, largely participated in by the foreign residents, was held in the day and the celebrations was closed with a masked ball at the Gaity Theatre.

FIVE LEADING NATIONS WILL FORM NUCLEUS

The Peace of the World to be Guaranteed by League With Five Nations The Basis

(By Associated Press)

Paris, January 8.—As far as it has been developed the general scheme for a league of nations agrees with previous forecasts.

It is learned that the United States, Great Britain, France, Italy and Japan will form the nucleus and will declare that the league will preserve the peace of the world and justice to all. An Arbitral Court will be created and it will be backed by the combined forces of all.

The Central Powers and neutral nations, it is added, will be taken in as probationers as they demonstrate that they are a self-governing people and give evidence of good faith to abide by the decisions of the league.

There is yet no indication when the general Peace Congress will begin its sessions, nor is it clear what progress can be made before President Wilson returns to the United States in the middle of February.

Groundwork Being Laid

The President is said to be hopeful, after his conferences in England and Italy, that enough progress has been made on the general fundamental agreement for a league of nations to warrant his feeling that a definite groundwork has been laid on which Congress can proceed to build. The preliminary peace conference is likely to last three months, according to Marcel Hutin, in the Echo de Paris.

SECOND SERVICE WEEK OF PRAYER

The second meeting in the observance of the "Week of Prayer" was held last night at the Baptist Church. Rev. D. H. Rejy was in charge of the service.

A forceful, and well-prepared twenty-minute discourse was delivered by Rev. J. L. McWilliams of the Presbyterian church on the subject, "Prayer for the Universal Church." He emphasized the far-reaching power of prayer, the molding influence of the church in community life, and outlined some of its problems in adopting itself to the world need in these significant times. An opportunity was then given to the audience, to pray for the church in discharging its mission and many responded. It was a meeting of inspiration, profit and delightful fellowship.

The service tonight will be held at the Presbyterian church. The subject will be, "Prayer for Nations and Their Rulers."

ORDERED TO DIG LOSES NO TIME

When Samuel Price, a Kentuckian, faced Judge Allen in Probate Court Wednesday morning to answer a charge of train riding on the B. & O. railroad, he was given a workhouse sentence and this was suspended providing that he was out of the city in ten minutes.

Price gave a hitch at his trousers, took himself and made a bee-line for the open country, traveling in high and barely hitting the high places in his hurry to shake the dust of the city from his heels.

WORTH \$50.00 A BOTTLE

Wm. Barnes, San Antonio, Texas, writes: "Foley's Honey and Tar has been worth \$50.00 a bottle to me. I had the flu, followed by pneumonia, which left me weak with a persistent cough. The cough hung on. Some one advised Foley's Honey and Tar. I have completely recovered and do not cough at all." Blackmer & Tanquary. Adv.

GOES TO PEN FOR STEALING THREE PAIRS OF SHOES

John Warner, Russian, Indicted for Burglarizing B. & O. Box Car, Sentenced To Penitentiary.

Upon his plea of guilty to the indictment charging him with burglarizing a B. & O. box car and stealing three pairs of shoes, John Warner, a Russian, Tuesday evening was sentenced to an indeterminate term in the Ohio Penitentiary at hard labor. Warner was arrested through the efforts of B. & O. Detective Fred Lienance and bound over for stealing three pairs of shoes from a car. The man had broken the seal in order to obtain the shoes. One pair of the shoes was found on the man, another pair had been sold at the Bellar second hand store, and a third pair had been hidden near the B. & O. in this city.

Warner admitted the theft, was indicted, and when called before Judge Carpenter again admitted his guilt, and was sentenced accordingly.

The man was conducted to the state prison Wednesday in the custody of Deputy Sheriff A. C. Nelson.

FOUR APPLICANTS FOR EVERY JOB

At the present time—probably the period of least activity in this community—there are some four applicants for every job, according to assistant superintendent Carr, of the Labor Bureau in this city.

For ordinary labor the ratio is about four men to the job, but within a short time it is expected that this will be radically changed and that there will be work sufficient for all.

LIVE STOCK IS NOT SO ABUNDANT

As result of heavy selling during the past two months, and the increasing price of corn and decreasing amount of corn available, live stock for market has decreased rapidly in Fayette county.

It is believed that much the same condition exists through most of the cattle and hog area, and that as a result of the great decrease in numbers.

We have an unlimited amount of money to lend on farm lands in Fayette and adjoining counties. Any amount up to \$50,000.00.

bers, there will be an increase in price later on.

However, with the big decrease in Fayette county, it is believed that the actual number of cattle and hogs is greater than ordinarily at this period of the year.

DEEP INTEREST IN VOLLEY BALL

Interest in the business men's volley ball team at the Y. M. C. A. is on the increase, and on Tuesday 16 men were in line for the games which last from 12 to 1 o'clock.

Each Tuesday and Friday from 12 to 1 the business men take great pleasure in the healthful and invigorating exercise. There is still room for others who desire to reap the benefits of this popular exercise.

Get Eggs Now

Fall and winter eggs bring big money. Start your early-hatched pullets laying now—keep them at it all winter. Hurry along the late ones. Help the hens through the critical molting period when they are weak and liable to contract many diseases. Make every bird a producer by using

Pratts

Poultry Regulator

It makes hens lay by supplying the tonics they need at this season, and quickly putting them in laying condition. It induces them to eat better—hastens digestion and assimilation—prevents disorders of liver and bowels—stirs the egg-producing organs into activity. Used by successful poultrymen for nearly 50 years. The cost is small—one cent a hen per month—results are big. Sold on money-back guarantee by

BLACKMER & TANQUARY, DRUGGISTS.

HONOR GIVEN TO SENATOR PARRETT

Senator Frank C. Parrett, of this city, is rapidly becoming one of the most active members of the Ohio Senate, and has been honored by positions on numerous committees, and was made chairman of the all-important taxation committee—probably the most important of the numerous committees of the Senate.

In addition to being made chairman of the Taxation committee he has been made a member of the Rules Committee, Insurance Committee, Privileges and Elections and other committees of greater or lesser importance.

On Tuesday he introduced a joint resolution providing for appointment of a bipartisan taxation committee of four senators and four representatives, equally divided as to politics, hoping in this manner to obtain a committee representing both parties and working to the same end—the enactment of a taxation law which will meet the pressing needs.
